RE: SOVA Audit

This letter is in response to the audit conducted by your representative earlier this year. We would like to know if the disallowed expenses are due to being capped at 5% of the chief's salary? Are the expenses being disallowed due to the law change from 2010 and being used for 2007, 2008, 2009? We would like to be shown the law that would disallow these expenses during this time frame. We feel that the 5% base for these expenses is not fair.

We are awaiting your response and a closure of this audit, because we are discussing with Sheriff Richard Smith about assuming the duties of Victim's Advocate for our town.

Sincerely,

  
Donald E. Camp

Mayor
